

## **Andrés Edwards**

### **General Manager**

### **Bosques Los Lagos**

Forestry Engineer graduated from Universidad Austral in Valdivia, holds a Master of Business Administration from Universidad Adolfo Ibáñez.

Since joining the holding company in 2023, he has led Bosques Los Lagos through a transformation process focused on optimizing operations and resources. Key projects under his leadership include the construction of a new chipping plant and the relocation to a new port to streamline transport operations.

Mr. Edwards' extensive knowledge of local and international markets—particularly China and Japan—is built on a dedicated career in the forestry and woodchip industry, having worked with various companies specializing in these products.
